

# IMMEDIATE OPENINGS

## Company Information

Peter Anthony Designs Inc. is a full service design and manufacturer of high quality restaurant interiors; including furniture and millwork, and a preferred supplier to leading multi-national, quick service food corporations as well as other service industries. Due to increased business, we have immediate openings for the following positions on a rotating shift basis:

## Carpentry Team Leader

You are a strong team player with excellent leadership qualities. You have the ability to manage multiple projects and priorities. You have experience in a finish carpentry environment, in which you can effectively interpret blueprints to cut raw materials such as plywood, hardwood and particle board; finish and assemble to final product. In addition, you have experience working with laminates and spray and staining techniques.

## Carpenters

You have experience within a finish carpentry environment where work performed is completed according to specifications and blueprints. You have technical capabilities and an ability to use woodworking tools and machinery.

## Cabinet Maker

You have experience as a cabinet maker with the ability to independently fabricate complete finished cabinetry from blueprints.

## CNC Operator

You will be responsible for the effective and efficient programming and operation of state of the art CNC wood-working machinery (Fanuc controls) in a fast paced manufacturing environment. Ability to interpret blueprints and prepare cut-lists is required.

## Upholstery Operators

You have experience in an Upholstery environment. Experience with various materials (fabrics, vinyl and leather) and upholstery processes including machine sewing and closing techniques using stapling tools are an asset.

## General Labourers

On a rotating shift basis, you will be required to work in any of following departments as needed: Carpentry, Steel/Aluminum Fabrication, Fiberglass, Upholstery, Shipping & Receiving.

## Your Background

You have completed your high school diploma and have experience working in a manufacturing environment.

If you have the skills to excel in the above positions, and are interested in working in an exciting atmosphere, please forward your resume, including salary expectations to:
